

Dinosaur Planet

Maths

This term we will consolidate what we have learnt **in addition and subtraction within 20**. We will extend our knowledge in number and **place value within 50**. In addition, we will be able to **count, read and write to 50 in numerals**. We will also learn how to **count in multiples of twos, fives and tens**. We will spend the last week on consolidating all that we have learnt. Throughout our lessons, we have an element of problem solving and reasoning. Children will apply their mathematical knowledge which is supported through the use of manipulatives and resources where children can master and understand maths in a holistic way.

PSHE

We will be focusing on the 7 new values and attitudes to follow from our school starting with 'H' for **Happy**. 'In addition, we will look at changing our mind-set to a growth mind-set. We will learn these values through circle time.

RE/Character

We will look at what makes a good friend. Furthermore, we will begin to look deeper into Christianity and reflect in our own lives- We look at the question: was it easy for Jesus to show friendship?

English

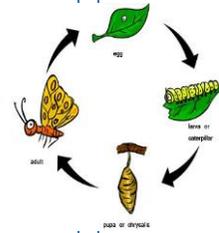

Every day we have a 1-hour phonics session from Read Write Inc which teaches children to read accurately and fluently with good comprehension.

We will be learning about a range of text types this term. These include:

- Narratives
- Fact Files (Non-fiction)
- Poems
- Riddles and jokes
- Descriptions

These text types will be taught in a cross curricular manner especially in Topic such as Dinosaurs in our School."

Science

This half term we will be looking at Our Living Earth. We will explore life cycles, different groups of animals, hygiene and diet.

Lessons 1 and 2: Life Cycles
Make your own life cycle

Lessons 3 and 4: Animals Around Us
Bird Feeders

Lessons 5 and 6: Dead or alive?
Making fossils

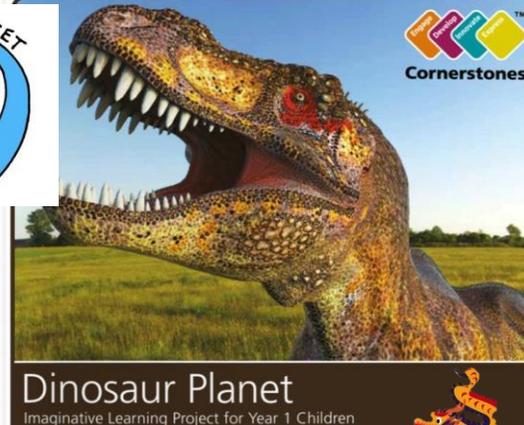

Children will be doing exciting teacher-led and children-led practical experiments weekly where they will learn the scientific skills of observation, hypothesising, testing and recording.

P.E.

This half term we will be focusing on team games in PE. Skills that we will be looking at are aiming, throwing and catching. We will look at other skills such as working as a team.

Topic

Where did the dinosaurs go? How do we know that they existed? All of these questions and more will be explored in our Dinosaur Planet topic. This term will have a focus on history. (65 million years ago!) We will have a dinosaur hunt in Chiswick House, look at fossils and at the end of our topic, we will make our own **dinosaur museum to share what we have learnt with the school, family and friends.**

Computing

We will look at how we can decorate and design using the computer!

Music

We will be continuing with using our voices to express ourselves through song in the Friday Singing Assembly. We will learn songs for our **Chinese New Year Celebration assembly** (29/1/2020) 9:00am

Art

We will use a range of art techniques to create different pieces of art. We will also do creative artwork in our Dinosaur Planet topic such as making dinosaur eggs!
